3- Fill in the gaps with the appropriate legal Terms (3).

The diplomatic challenge:

States must strike the right balance between **self-determination** and stability. **Conflicts** where states fight for territories are vanishing; most armed violence now arises from populations claiming the same territories (e.g., ex-Yugoslavia) and/or new regimes coming into power (e.g., Arab Spring upheavals). Therefore, the world must be **governed** as a whole. The UN is the necessary **mediator** for this global **management**

WMD

Eng Weapons of mass Destruction	Arb أسلحة الدمار الشامل
