## The second semester exam in legal terminology

### Exercice N°1: translat the following words into Arabic (8 points)

Economy	الاقتصاد
the choice	الاختيار
Hereditary	وراثي
Reform	الإصلاح
Exploitation	الاستغلال
Dictatorship	دكتاتورية
The economic problem	المشكلة الاقتصادية
The economic resources	الموارد الاقتصادية

### Exercice N°2: Fill in the blanks with the following words (6 points)

economic, unlimited, limited, which, due, meet

The **economic** problem is defined as the inability of society to **meet** the needs of its individuals, which are characterized by being **unlimited**, increasing, renewable, and interrelated, **due** to the relative scarcity of economic resources. The economic problem is the society's inability to meet all its infinite needs and desires for **limited** goods and services, **which** compels it to make choices.

### Exercice N°3 : give the definition of The Parliamentary System ( 6 points)

In a parliamentary system, the prime minister is the national political leader, is generally a member of the legislature who is either elected by the legislature or chosen automatically as the leader of the party with the most members in the legislature. The prime minister's cabinet, and the leaders of the government departments, are also members of the legislature.

**Good luck**
