

The First National Symposium
on
INNOVATIVE TRENDS
IN
CIVIL ENGINEERING
FOR
SUSTAINABLE DEVELOPMENT

ITCESD 2026

November 03 & 04, 2026

TOPICS

1. ARTIFICIAL INTELLIGENCE AND DIGITALIZATION IN CIVIL ENGINEERING

2. GEOTECHNICAL ENGINEERING AND RISK MANAGEMENT

3. STRUCTURAL ENGINEERING AND REHABILITATION TECHNIQUES

4. INNOVATIVE AND SUSTAINABLE CONSTRUCTION MATERIALS

IMPORTANT DATES:

Submission Starts : **June 08, 2026**

Paper submission deadline : **September 01, 2026**

Notification of acceptance: **October 05, 2026**

Final paper submission : **October 15, 2026**

The First National Symposium

On Innovative Trends in Civil Engineering for Sustainable Development

ITCESD 2026

Call for Paper :

The organizing committee invites you to participate in the first National symposium on Innovative Trends in Civil Engineering for Sustainable Development (ITCESD 2026), organized by the Soil Mechanics and Structures Laboratory (LMSS). This scientific event will take place at Constantine 1 Frères Mentouri University, Algeria, on November 3–4, 2026.

The symposium aims to highlight transformative advances in civil engineering, with particular emphasis on Artificial Intelligence and Digitalization in civil engineering, Geotechnical Engineering and Risk Management, Structural Engineering and Rehabilitation Techniques, and Innovative and Sustainable Construction Materials.

ITCESD 2026 seeks to provide a dynamic platform for Algerian researchers, academics, and professionals to present their latest findings, exchange innovative ideas, and discuss sustainable solutions for the future of infrastructure and the built environment.

We are also glad to inform you that all accepted and presented papers during the symposium will be published in proceedings with ISBN registration.
