## Organize the National Day of Sustainable Transportation and Safety « NDSTS »

اليوم الوطني للنقل المستدام  
والأمن

E-mail: [ndsts.24@gmail.com](mailto:ndsts.24@gmail.com)

Tel: 0665877323

Telefax: 031818663

May 13, 2024, at Ahmed Hamani Zarzara Campus

### Objectives of the Conference

Transport is essential for promoting connectivity, trade, economic growth and employment. However, it is also a significant source of greenhouse gas emissions. Resolving these trade-offs is essential to achieving sustainable transport and, thus, sustainable development.

Sustainable transport with its objectives of universal access, increased safety, reduced impact on the environment and climate, improved resilience and greater efficiency is at the heart of sustainable development. In addition to providing services and infrastructure for the mobility of people and goods, sustainable transport can help accelerate the achievement of other crucial objectives, such as the eradication of poverty, the reduction of inequalities, women's empowerment and the fight against climate change.

The scientific interest will be focused on a broad spectrum which will cover the vast field of urban, interurban, rail, air transport, people, goods and hydrocarbons, the maintenance of means of transport, the dangers present in the workplace, prevention of accidents and more insidious dangers such as toxic vapors, dust, noise, heat, stress, etc. Concern for sustainable development and continuous improvement will be the key words in the development of transport systems, while reducing the impact on the environment.

This day will deal with the issues of transport, maintenance, comfort, hygiene and safety, the environment, and the movement of people with reduced mobility in order to identify priority actions to be undertaken in the years to come in Algeria with the objectives of continuous improvement in the development of transport

systems in these different forms and the wealth of qualified labor allowing the development of sectoral cooperation, university pedagogy in order to promote learning and success for all in a fair perspective.

#### Honorary president

Prof. **BOURAS** Ahmed - Rector

#### Honorary Co-President

Prof. **MESSAI** Abderaouf - Dean of Faculty

#### President of the Day

Dr. **AKNI** Ahcène

#### Co-Presidents

Dr. **BOUYAYA** Linda

Dr. **KAHOUL** Hafida

#### Chief Department of Transportation Engineering

Prof. **BELLAOUAR** Ahmed-

#### National day theme

- Sustainable transport and logistics
- Operational safety and reliability of systems
- Qualitative and quantitative methods of risk analysis
- Functional analysis
- Industrial Security
- Non-destructive testing and failure detection.
- Maintenance of transport systems and rolling stock.
- Conditional Maintenance and Vibration.

**Important dates**

Communication proposals  
(Abstract and full text):  
Before

**28/04/2024**

**Language presentation**

Arabic; French and English are the official languages of the day

**Instructions to authors**

**Abstract of the communication**

Maximum (01) page; format A4; layout 2.5 cm on each side; single spacing.

Title in Times New Roman, bold, 14 points, capital letter, heart.

Author in Times New Roman, Italics, 12 point center.

**The Text of the communication (08 Pages maximum)**

✓ In Times New Roman, 12 not bold, justified; paragraphs separated by one line without tabs at the beginning.

✓ Equations with equation editor numbered on the right.

✓ Figures and images framed and centered in the middle. Tables centered in the middle of the page.

✓ Bibliographic references mentioned in brackets in the text.

**Duration of communication 15 to 20 minutes**

**Registration form**

Title Prof. / (Pr/Dr./Mr./Ms.) :.....

Name.....

First name: .....

Institution: .....

Address:.....

Country .....

Tel/Fax:.....

E-mail:.....

I would like to participate in the day:

Present products

With communication, entitled

.....  
.....  
.....  
.....

**Participation at no cost (free)**

Doctoral students must present a valid student card (certificate of registration)

The day covers:

- Lunches + coffee breaks
- Conference material (bag, book of abstracts, pen, etc.)
- Participation documents, certificate

**Contact:** To be sent by e-mail to the address:

**www.ndsts.24.com**

**ndsts.24@gmail.com**

**Phone: 031818663**
