CENTER OF RESEARCH IN MECHANICS

**ICME23**

**FIRST INTERNATIONAL CONGRESS  
ON MECHANICAL ENGINEERING**

CONSTANTINE, ALGERIA  
November 15 - 16, 2023

The first International Congress on Mechanical Engineering, ICME'23, is an opportunity to present, discuss, and exchange the results of recent research in the field of mechanics. It aims to be a forum for discussion among researchers and industry professionals. Researchers and doctoral students are invited to share their latest contributions in applied and fundamental research, as well as innovation.

This first edition ICME'23 will take place from November 15th to 16th, 2023, in Constantine. It is jointly organized by the Center of Research in Mechanics (CRM) and the University Constantine 1 (UC1), represented by the Mechanics Laboratory of the Faculty of Science and Technology.

The congress will include presentations by experts and researchers from the international community, oral sessions, and poster presentations. It covers a wide range of topics related to Mechanical Engineering, from design to practical implementation.

Submitted communications can focus on one or more of the listed themes or expand into new areas to ensure broad dissemination of mechanical engineering in other fields.

**Accepted contributions will be published in the conference book.**

**Selected works, after a review process, will be published in an indexed journal.**

#### Honorary President

Ahmed BOURAS (Director of the University UC1)

#### Congress Presidents

Hadj Mohamed BENIA (Managing Director of the CRM)

Ali BOUCHOUCHA (Director of Mechanics Laboratory, UC1)

#### TOPICS

1. Design, reverse engineering, and industrialization
2. Advanced manufacturing processes and technologies
3. Optimization of energy mechanical systems and environmental protection
4. Materials and structural damage

#### Scientific Committee Chairs:

Adel MILES (UC1)  
Abderazek HAMMOUDI (CRM)

#### Scientific Committee:

Abdelaziz BOUCHELACHEM (Annaba)
